Members of the

Commission, other than the two Fire Chiefs, shall serve for a two year period; three of the initial appointments to be made for one year. (By petition)

Art. 26. This article was tabled for one year, and referred to the newly created Fire Commission for recommendation for next town meeting.

The following motion, as an expression of appreciation to Mr. Amos R. Price for his long and faithful service to the Town of Gilmanton, was read by Colonel W. A. Emond and adopted by the voters:

"We, the Towns-People of Gilmanton, N.H., assembled in Town Meeting, this 8th day of March, 1966, do wish to take this opportunity to express our thanks and appreciations to Mr. Amos R. Price for his long and faithful services as Tax Collector for the Town of Gilmanton and for his unselfish devotion to the exacting duties of that office; said services having extended over a period of thirty-eight years; 1917-1922, and 1932-1965, and further that this motion be spread upon the permanent records of this meeting."

The following motion of appreciation to Mr. Richard Price for his outstanding services as Chief of the Gilmanton Iron Works Fire Department was read by Colonel W. A. Emond and adopted by the voters:

"We, the Towns-People of Gilmanton, N.H., assembled in Town Meeting, this 8th day of March, 1966, do wish to take this opportunity to express our thanks and appreciations to Mr. Richard Price for his outstanding services to his community as Chief, Gilmanton Iron Works, Fire Department, for the sixteen year period for 1950 through 1965. The demonstrated energy, loyalty and devotion to duty as exemplified by Mr. Price were major contributions toward the steady progress and improvement of the Department and to the reputation and prestige which it now enjoys; and it is further moved that this motion be spread upon the permanent records of this meeting."

A vote of thanks was given to Mr. Frank L. Uhlenberg, the Town's Representative to the General Court, for all the work he has done for the Town of Gilmanton.

The meeting closed at 10:30 p.m. and counting of the ballots began.

PEAKED HILL FIRE DEPARTMENT

The past year we have fought a variety of fires and we were successful in extinguishing all but one, a cottage at Shell Camp, which was nearly burned to the ground when discovered at 2:00 A.M.

The asphalt tank truck fire was a new experience for our men and required help from Mutual Aid as our department is not equipped with foam for fighting this type of fire.

The ten fires at the Corners required the help of Mutual Aid twice. In return we went to the assistance of other towns four times. Don't ever sell this organization short for it is the best help yet devised to fight rural fires.

To further safeguard human life and property I would like our citizens to obey the regulation of the New Hampshire Board of Fire Control covering the installation of Power Oil Burners and Oil Burner Equipment which has been in effect in this state since 1950. The regulation states, "Whoever desires to install any fuel oil burner shall first make application to the Chief of the Fire Department and obtain a permit therefore. Upon receipt of an application for the installation of an oil burner, the Chief of the Fire Department shall grant a temporary permit authorizing such installation. Upon completion of the installation, the temporary permit shall be cancelled, and provided that all rules contained in this Regulation have been complied with, the Chief of the Fire Department shall issue a permit for the storage of oil and the operation of the equipment."

Your Chief and Deputy Chief are ready to help you. There are no charges for inspections and permits.

This past year we purchased a used International four-wheel drive pick-up truck. This truck is being equipped for forest fire fighting and will be in service for the coming forest fire season.

Respectfully submitted,

AUSTIN C. BARLOW,
Chief.

FIRE RECORD

Fire records are made by people—those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966).

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.
2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres . . . a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

1. If you must burn you will need a permit. Permits are not issued between 9:00 A.M. and 5:00 P.M. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk the best way to dispose of rubbish is at your authorized town or municipal dumping area.

2. Be sure all discarded smoking material is out.

3. Don't leave a live camp or cooking fire.

4. Most important — Instruct your children that matches are not play things.

TRULY—ONLY YOU CAN PREVENT FOREST FIRES

Fires in District 42	Acres Burned 26½

Fire Permits issued in Gilmanton 184	

I wish to thank you for keeping the number of fires down and for your cooperation in acquiring fire permits to burn when they are required. Permits are issued at Richard Price's home in Gilmanton Iron Works and at Joseph Clairmont's in Gilmanton Corner.

IVAN E. SCRANTON
District Fire Chief

RICHARD PRICE
Forest Fire Warden

REPORT OF THE BOARD OF FIRE COMMISSIONERS

Your Board of Fire Commissioners held their first meeting in July. Mr. Morton Young was elected chairman and Mr. William Somero, clerk. In September Mr. Young resigned and Mr. Everett Cochran succeeded him as chairman.

The Commission set up the following objectives to guide their activities:

1. To develop greater cooperation between fire departments and to promote coordination of activities by, a.) promoting discussion of internal problems and recommending solutions; b.) working toward consolidation of training, and other departmental functions; c.) exploring possibilities for complementing the use of one department's manpower and equipment by that of the other; d.) supporting our fire departments and their personnel in every way possible.

2. Promote good will between our fire departments and the community, and to create pride in our fire fighters.

3. Help the departments to develop and maintain effective manpower at a high level.

Each item has been discussed, studied and developed for workable solutions with the result that, after much deliberation, your Commission concluded that the greatest return for each dollar spent could be obtained through the best use of available resources by the purchase of alerting and communication system which will cover both departments and make both available to answer a fire call in any section of Gilmanton.

WILLIAM E. SOMERO,
Clerk.

CONSERVATION COMMISSION REPORT

Three meetings have been held during the year to discuss means of utilizing the powers of the Commission to benefit the Town.

Seven hundred and fifty Autumn Olive trees have been planted around various properties for the purpose of supplying wild bird feeders. These trees were obtained, through the Commission, at a very trivial cost to the property owner. Since more trees will probably be available this Spring and if any person should wish to obtain some, please contact a Commission member. The only restriction concerning these trees is that they are to be used as wild bird feeders and not just to landscape the property.

One sugar maple was planted at the church in the Corner and one at the school, there. Eleven sugar maples were planted at the Smith Meeting House Cemetery, as well as sixty Autumn Olive trees.

An agreement has been reached with the State Water Pollution Commission whereby they will test all waters in the ponds and lakes of the Town next July.

Scenic "turn-outs" were asked for from the State Highway Department and it was discovered their plans call for at least one, along the top of Frisky Hill.

The question of seeking Federal Aid for projects in the Town was discussed at some length and it was decided we were better off not to ask for any.

The Commission made several contacts with the State Highway Dept. (both personal and by letter) in an effort to obtain the Smith Pit, contiguous to the Recreation Park on Crystal Lake Road, for the Town. At the present time, it is, to say the least, an unsightly and unusable piece of property. Mr. Bickford and Mr. Jefferson were invited to a meeting of the Right-of-Way Commission where the matter was discussed at some length and both men were given an opportunity to explain why the Town wanted the property and what they intended to do with it should they be able to acquire it. The State will retain a 100 foot wide right-of-way to the beach with a four acre plot on the beach. The Town will clear and grade the property with the aid of the County Forester and

under the supervision of the Park Commission. Volunteer labor has been promised from the Fire Department, the American Legion and the Boy Scouts. The State Highway Department has surveyed the property and drawn maps showing entire property and divisions. The prospects of the transfer seem very bright.

A new road map of the Town (the first, we think, in over 100 years) has been made and it should be available by Town meeting. A topographical map will also be available—each probably at \$1.25. We hope to be able to offer individual maps of each pond and lake in the Town. A small profit will be made on each map and this will go to the Boy Scouts who can take orders for, and deliver any map. The Town paid \$20.21 for the original “blowing-up” of the new map and the State Planning Dept. is doing the final printing at a very trivial cost.

Although the Commission has made repeated efforts to have the State Junk Yard law enforced, it has not met with too much success, particularly in the west district. It seems hardly fair to those who have been forced to clean up to see other persons allowed to continue in violation of the law. Incidentally, the Town would be much prettier were all dumps cleaned up.

Should any persons have any “projects” which they would like to have the Commission consider, just let us know and we shall be glad to do so. That is the reason for our existence.

REPORT OF YOUR CIVIL DEFENSE

In the past year a course in radiological monitoring was taken by four (4) members of our Civil Defense Group. The course of 16 hours of classroom and field work now qualifies our Town for detecting devices free of charge and the qualified personnel to read and evaluate the content of radio-active fallout in our locality, in the event of a nuclear blast, accidental or otherwise.

We requested and received (for the sum of \$50.00) a one ton walk-in van for use as a rescue vehicle through the surplus property program, in addition to many other small and varied articles of use to our Civil Defense Group and to other town offices.

In the past fifteen months since qualifying in the surplus property program our Town has purchased items mostly new and unused valued at \$3,567.82 and at a cost to the town of \$172.00.

At present and until a suitable supply depot can be found at the Iron Works, all Civil Defense goods are being housed at the Corner Fire Dept. through the courtesy of the Gilmanton Corner Fire Dept.

I take this opportunity to thank all who have supported our Civil Defense at town meeting and hope that more will volunteer a little of their time to make this unit, one on which we can depend in time of need and of which we can be proud.

ALFRED LaROCHE,
Civil Defense Director.

REPRESENTATIVE'S REPORT

1967 Bi-Annual Session

District 6 Barnstead — Gilmanton

Due to the reapportionment of 1965 we can expect to be combined as one district until at least 1970 or until our separate towns' population nears 1,400. At present the total population is 1,586 — Barnstead 850 and Gilmanton 736.

The reapportionment has created an increase in the demands made of the Representative and has produced an evaluation as to what the duties and role of the Legislator should be.

District No. 6 includes two town governments, two school districts, two telephone systems, eighteen ponds or lakes, hundreds of miles of town and state roads. Separation of the town villages creates problems in disseminating information and in assisting in administration difficulties of each town.

As part of the new approach, I meet with the Selectmen of each town periodically to discuss new legislation and how the towns can utilize state programs and services of state departments.

Through the efforts of the Gilmanton Conservation Commission and the cooperation of the Selectmen, the proposed transfer of "Smith Pit" land on Crystal Lake will soon be a reality. I have contacted all the members of the Governor's Council and the Governor to insure their approval.

Petitions to grant public access point to Lougee Pond — Skunk Pond in Barnstead, and Manning Lake — Guinea Pond in Gilmanton have been referred to the Right of Way Board within the Fish and Game Department.

The State Highway Department has announced that construction on the Barnstead By-pass will begin late this year and will only include the northern half of the proposed road, due to cutbacks in the Federal Aid Programs. All department heads have informed me upon inquiry that no new construction is scheduled for Gilmanton other than standard maintenance work. State schedules are based on projected five or ten year plans and are depend-

ent on available money. I will continue to suggest to the department needed improvements within the district where safety hazards exist. New traffic signs have been erected as a result, including fire station signs in Gilmanton.

I have drafted and introduced House Bill No. 232 to provide state aid for construction or reconstruction of town highways that will include resurfacing and bridge construction and repair. This bill has wide support from small towns and many Legislators have given their support.

The Public Utilities Commissioner has informed me that a poll will be taken among Union Telephone customers in Barnstead and Gilmanton to determine their opinion on toll free calls to Gilmanton and Laconia that are within the New England Telephone system. Toll free service, if wanted, will be reciprocal between our different exchanges.

With regard to utility rates, I am a co-sponsor of a bill which will prevent unjustified rates. The bill would permit other phones to be used within the home without added lifelong charges.

A bill to prevent inequities in voting and permit absentee voting in town and state primaries has been filed. Attorney David Sterling of Hillsboro, C. Robert Trowbridge (Publisher of the Farmer's Almanac) and myself are the co-sponsors. The intent of the bill has wide support among both parties. I will continue to support measures which insure positive implementation of election laws and revise existing inconsistencies.

I requested and was assigned to the Executive Departments and Administration Committee. Hearings are held daily and many varying bills are referred to us. The E & A Committee held hearings on HB 43 which provided for more sweepstakes ticket outlets. District No. 6 voted 416 to 139 for sweepstakes and received \$8,225.65 of the sweepstakes revenue toward school funds. I was appointed to a sub-committee to study this bill and I offered an amendment which was accepted. The amendment guaranteed home rule in allowing sweepstakes and provides for "the approval of the voters in cities and towns at the biennial election," in order to sell sweepstakes.

Your Representative has introduced a total of six bills. He has completed a government course at the University of New Hampshire in Administrative Process and Budget Control, which I found helpful in my legislative

duties. I have been chairman of various sub-committees, testified at hearings, and have done research on State Welfare systems. To be better informed about state programs, I have attended legislative workshops and special conferences on State Government Systems.

Both towns now belong to the New Hampshire Municipal Association which protects and advances the interests of local governments.

Efforts are now being made to have the State establish more historical landmark signs.

Your Representative has had 100% attendance at all legislative sessions and committee hearings.

Having had some background in statistical research, I am convinced that straw polls do not reflect majority opinion and will not attempt to make a decision on only a few proponents or opponents. Voting on legislation will be decided on what is best for the people in District 6 and the State of New Hampshire — after hearing all the arguments.

Letters of request or suggestions are always welcome. I will continue to write newspaper reports on new legislation to keep you informed about our state government.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School District in the Town of
Gilmanton qualified to vote in district affairs:*

You are hereby notified to meet at the Town Hall in said district on the eighteenth day of March 1967, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

2. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

3. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

4. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

5. To see if the District will vote to return the Gilmanton Corner School to the Town of Gilmanton.

6. To see if the District will vote to return the Gilmanton Iron Works School to the Town of Gilmanton.

7. To transact any other business which may legally come before this meeting.

Given under our hands at said Gilmanton this fourteenth day of February, 1966.

KATHERINE CLAIRMONT,

ANNUAL SCHOOL DISTRICT MEETING

Town of Gilmanton

Gilmanton Corner School — March 12, 1966

Pursuant to the attached warrant a meeting of the School District of Gilmanton was held at the time and place there-in stated.

Meeting called to order by Howard Osler, Moderator, and warrant read.

1. Voted that the salaries of the School Board and other officers of the district for the 1966-67 school year be as follows: school board chairman at seventy-five dollars (\$75.00), two school board members at sixty-dollars (\$60.00) each, moderator at five dollars (\$5.00), district clerk at five dollars (\$5.00), school district treasurer at fifty dollars (\$50.00), three auditors at five dollars (\$5.00) each, and truant officer at one hundred dollars (\$100.00).

2. Voted that the reports of Agents, Auditors, Committees and Officers chosen shall be acceptable as printed in the 1965 Town Report.

3. Taken care of by Town Auditors.

4. Voted to raise and appropriate the sum of one hundred twenty-seven thousand, one hundred fifty-six dollars (\$127,156.00) for the support of schools, for the salaries of the school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

5. Voted to raise and appropriate the sum of one thousand thirty-six dollars (\$1,036.00) for the establishment of a contingency fund to meet the cost of un-

anticipated expenses that may arise during the 1966-67 school year. Said fund to be one percent of the amount appropriated for school purposes, exclusive of capital expenditures and amortization of debt, for the preceding year.

6. Amended and voted to raise and appropriate the sum of twenty-four thousand dollars (\$24,000) for the following expenses for the new elementary school: purchase of new kitchen equipment, (\$5,500.00); purchase of equipment for the all-purpose room, (\$7,000.00); purchase of library equipment, (\$2,000.00); for the paving and landscaping, (\$7,500.00); and for an emergency generator of not less than 10 kw, (\$2,000.00), the same to be raised by a 5-year serial bond issue.

vote for article as amended 58-2.

7. Voted to raise and appropriate the sum of four hundred eighty dollars (\$480.00) for the interest payment on the above bond issue which will be due during the 1966-67 fiscal year.

Voted to adjourn.

ANN McKINNA,
School District Clerk.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board, Parents and Voters:

I am very pleased to present my first report as your Superintendent of Schools. This will show the outstanding progress which has been made during the past year in the Town of Gilmanton as a result of action taken by the Board of Education, the budget committee, the selectmen and the voters.

Last September a new eight room elementary school was ready for occupancy at the beginning of the school year. Gilmanton has added immeasurably to its school morale by providing such modern facilities. It now has a school library with the opportunity for accumulating good reading and reference books, a project in which the entire community can help. There is no better way of stimulating good scholarship than providing an interest in reading. A well stocked library is a means to this end.

The new construction includes a suitable nurses room where nursing and dental care can be provided, an excellent all purpose room with lunch facilities and collapsible lunch tables, a stage for presentation of dramatics and a basketball court where boys and girls can participate in this fine sport. It provides the town with a room which has been greatly needed for a long time.

The parents of Gilmanton owe much to the people who spent many hours attending meetings before the accomplishment of their new school facilities. This is particularly true of the building committee and the school board. Their pay is your appreciation of the result of their efforts.

Staff

Mr. David Johnson became principal of the school as of September, 1966. His leadership and devotion has resulted in a fine program for the boys and girls. He has made every effort during his short term of serving Gilmanton to provide the most up to date of equipment in the way of teaching materials and textbooks. He has been instrumental in establishing a departmentalized program for the upper grades as well as establishing a limited art program and physical education program. The physical education program has been made possible because of the hiring of an additional teacher of 7th grade namely, Roger Heath. It is expected with the advent of spring that the

grounds in front of the building will be landscaped and it is hoped that some shrubbery may be planted to help beautify the fine new structure.

Budget

As of 1965-66, the per pupil cost of educating the boys and girls of Gilmanton was \$388.40. This is well below the state average of \$416. It is only reasonable to expect that costs will increase as time goes on since this is the present trend in education. For the next school year the school board has adopted a salary scale which is the first that the teachers of Gilmanton have had. Although the step increases are modest, the basic pay of \$5,000 compares favorably with other towns and cities in New Hampshire. The adoption of a salary scale is a step in the right direction since hiring and keeping of good teachers is most desirable. Good teachers are the heart of a school system and Gilmanton, with its new facilities, deserves the best.

Teachers

It is planned to hire one additional teacher for the next school year thus eliminating split grades. This means there will be one teacher for each of the eight grades with small classes. Pupils will get much individual help which is most desirable. The learning process should be materially improved by this final step. The school is already benefitting from the hiring of a school psychologist, Dr. Page, although his hours in Gilmanton are very limited. He will be available from time to time to assist in this important work during the year.

Twenty-nine pupils have been attending the Laconia schools, sixteen going to Belmont and Pittsfield and one going to Concord. Increases in tuition rates have resulted in the Gilmanton budget increases. It has been my observation that the school board has been very conscious of school costs and has used good judgment in trying to keep these added costs at a minimum while providing the best possible education for the boys and girls.

Lunch Facilities

Early in January new lunch facilities were put into use. At the present time hot lunches are being served to those boys and girls who desire them at a minimal cost.

I wish at this time to thank the members of the Board of Education namely, Mrs. Sybil Bryant, Mrs. Katherine Clairmont, Mrs. Rose Young who has since been replaced by Mrs. Ann McKinna, for the fine cooperation I have

had since assuming my new position last July 1st. It has been a distinct pleasure to work with them. I also wish to thank the principal, Mr. Johnson, the teachers, Mr. Nelson and his bus drivers, Mrs. Helen Bellavance, the school nurse, Mrs. Harriett Coupal, the music teacher, Mr. LaRoche, the attendance officer, Mr. Roberts, the custodian, and others who have worked in the development of a fine elementary school for the town. I look forward to continued educational progress in the future.

Respectfully yours,
VICTOR H. BOWEN,
Superintendent of Schools.

To the Citizens of Gilmanton:

At the request of the Gilmanton Board of Education this letter is being written to express their deep appreciation for the many hours spent by the building committee in developing and overseeing the construction of the new elementary school.

Sixty meetings were held which meant that these people, because of their devoted interest in the project and without pay, gave their time in the interests of a community project the results of which are evident to all. They deserve the thanks and appreciation of every member of the community and particularly those who have children in the new school. They are the ones as well as those boys and girls who will follow that will reap the benefits of the many hours of labor spent by this fine committee in this civic project.

I know I speak for all citizens of the community as well as school board members when I say to the members of the building committee; "this is a job well done."

Respectfully yours,
VICTOR H. BOWEN,
Superintendent of Schools.
